ENGLAND IN EGYPT.

England is doing great things for Egypt, and its work promises to make the Nile valley the seat of a new civilization which, if less picturesque than the old one, will contribute vastly more to human well being and happiness.—New York Times.

A Sure Cure for Croup—The first indication of croup is hoarseness, and in a child subject to that disease it may be taken as a sure sign of the approach of an attack. Following this hoarseness is a peculiar rough cough. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse, or even after the croupy cough appears, it will prevent the attack. It is used in many thousands of homes in this broad land and never disappoints the anxious mothers. We have yet to learn of a single instance in which it has not proved effectual. No other preparation can show such a record—over thirty years' constant use without a failure. For sale by all dealers. Benson, Smith & Co., agents for Hawaii.
